Part1

```java
import java.io.Console;

public class Part1{

    public static void main(String []args){
        Console c = null;

        try {
            c = System.console();

            if (c != null) {
                System.out.println("Enter input: ");
                String s = c.readLine();
                c.printf(s);
            }
        }
        catch(Exception ex) {
            // if any error occurs
            ex.printStackTrace();
        }
    }
}
```
